

GOVT. OF ASSAM  
DIRECTORATE OF AGRICULTURE

No. Agri/ Extn./NFSM/25/pt/2008-09/

Dated: 31<sup>st</sup> July-2010

From : Shri A. Islam  
Director of Agriculture &  
Mission Director, NFSM-Rice/ Pulses  
Assam, Khanapara, Guwahati-22

To : The District Agricultural Officer..... All (NFSM-Rice)

Sub : Distribution of Electrical Pump Sets under NFSM-Rice 2009-10.

Ref : 1. No. Agri/ Extn./ NFSM-25/2007-08/ 175 Dtd 16.03.2010.  
2. Resolution of 5<sup>th</sup> SFSMEC meeting held on 29.06.2010.

Sir,

In supersession of the earlier letter No. Agri/ Extn./ NFSM-25/ 2007-08/ 175 Dtd. 16.03.2010 and as per resolution of the 5<sup>th</sup> Meeting of the SFSMEC meeting held on 29.06.2010, it is proposed to support farmers for installation of electrically operated STW as per norms of the scheme of NFSM-Rice and as such, you are requested to execute the scheme as hereunder expeditiously as per allocation for the districts, approved brands and guidelines enclosed here.

A tentative estimate of the cost of commissioning of the pump set of lowest price is given below-

Sl No	Particular	Amount.
a)	Cost of Pump set (lowest rate)	Rs. 8543.00
b)	Cost of STW boring Materials including installation	Rs 9200.00
c)	Cost of Energization	Rs. 5000.00
	Total -	Rs.22,743.00
	50% of total	Rs.11,370.00

As per norms of Govt. of India, the maximum subsidy for installation of STW along with pump set and energization is Rs. 10,000.00 per unit or 50% of the total cost (installation with pump set and energization), whichever is less. Since the amount of Rs. 10,000.00 (Rupees ten thousand) only is lesser than 50 % of the total cost likely to be incurred on commissioning of Electrical Pump set as per the table above, a maximum subsidy of Rs.10,000/- will be admissible.

In case, the cost of the Pump set is higher than Rs. 10,000.00 (Rupees Ten thousand only), the cost exceeding Rs. 10,000.00 (Rupees Ten thousand only) will be borne by the farmers. The subsidy in the form of cost of Pump set or Rs. 10,000/-, which ever is less, will be borne by the department. Rest of the materials required will be purchased by the farmer himself and installed at his own cost.

You are, therefore, requested to take up the activities urgently for implementing the programme. A set of guidelines and forms designed for the scheme are enclosed here.

- Encl :- 1) Guideline, Annexure-I  
2) Brand & Model, Annexure-II  
3) Break-up, Annexure-III  
4) Application Form, Annexure-IV  
5) Format for sanction by the DAO - Annexure-V  
6) Declaration for completion of installation, Annexure-VI

Yours faithfully

Director of Agriculture,  
Assam, Khanapara, Guwahati-22

## Annexure-I

### Guidelines for implementation of components of STW with Electrical Pump sets under NFSM-Rice/Pulses :

1. District Agricultural Officer will assess the available quantity and level of ground water in different circles with the help of Ground Water Board.
2. District Agricultural Officer will allocate the pump sets ADO circle wise and implement the components of STW with Electrical Pump sets as given in the subsequent clauses.
3. Agricultural Development Officers will implement on first come first serve basis.
4. Any individual farmer or farmer's group having agricultural land, electrical connectivity in the village and capacity to bear beneficiaries share will be eligible to apply for pump sets.
5. The farmers /farmer's group who desire to have a new electrical pump set (not the replacement of existing pump set) will submit an application to District Agricultural Officer in prescribed format along with recommendation of President, G.P./Member, V.C.D.C./VLEW/ADO .
6. DAO will sanction the application of the farmers keeping in view the number of pump sets allocated to his district.
7. The applicant, on receipt of sanction from the DAO, will arrange for procurement of all required materials for installation of the STW and materials required for electrical connectivity of the pump set.
8. On completion of installation and arrangement for electrical connectivity, the farmer will submit the application to DAO with the verification of ADO indicating his choice of pump set from amongst the approved brands.
9. The DAO will sanction the pump set.
10. The DAO will calculate the brand wise requirement of pump sets for his district from time to time. He will communicate his requirement to DA accordingly.
11. The DA will ask the concerned dealer/ company/firm to supply the pump set to the DAO concerned .The dealers will send warranty cards / operational manual etc along with the pump sets.
12. The Local engineering wing will furnish a certificate about the brand & quality as per specification.
13. The DAO will forward the bills along with the verification of Engineering Wing to DA immediately.
14. The Pump set will then be supplied to farmers by DAO. The farmers will commission the same.
15. The DA will arrange for release of payment as per norms and procedures.
16. VLEW/ADO will submit verification of commissioning to the DAO within one month from the date of supply of the pump sets by the supplier.
17. If the Pump set is not commissioned within one month, the same will be taken back by the DAO for supply to any other eligible farmer.
18. In case of loss/transfer of pump set by the farmers or refusal to commission DAO will lodge FIR against the farmer and take further necessary action.
19. In case the cost of pump set is higher than Rs.10,000.00 (Rupees Ten thousand) only, the cost exceeding Rs.10, 000.00(Rupees Ten thousand) will be deposited by the farmer or farmer's group in the form of bank draft drawn in favour of the dealer concerned and the same will accompany the indent for the pump set by the farmer.

Director of Agriculture, Assam & Mission Director, NFSM  
Khanapara, Guwahati-22

Annexure-II

APPROVED BRAND/MODEL WITH SPECIFICATION OF ELECTRICALLY OPERATED  
PUMP SET (SINGLE PHASE, 2 HP) FOR DISTRIBUTION UNDER NFSM SCHEME

Annexure – IV

**APPLICATION FORM FOR PUMP SET UNDER NFSM**

**(To be filled by the farmer/representative of farmers group & recommended by  
VLEW /ADO concerned)**

To,

The District Agricultural Officer,.....

Sir,

I /we request you to kindly sanction in my/ our favour a pump set under NFSM at 50% subsidy / or Rs. 10,000 which ever is less. I/we assure that the pump set will be installed for irrigation only in the land particulars of which are given below. Further, I/we will abide by all the guidelines/ rules issued by the authorities in this regard. I/we hereby agree also to follow the following terms & conditions:

1. I/we will bear my/our due share in the prescribed manner for all required accessories necessary for installation of the STW along with electrical connection for the same and also deposit for the pump set if any amount is to be paid in excess of Govt. subsidy.
2. I/we will provide land for installation of STW and my/our endeavour will be to go for double/triple cropping. Also I/we will extend irrigation facilities to the neighbouring farmers covering a total command area of 2 hectares on mutually agreed terms.
3. I/we declare that rural electrification is already undertaken in my/our village. I/we will have electrical connection for the pump set after observing necessary formalities and bear the cost of electricity required for the purpose.

4. I/we will be solely responsible for safe custody & maintenance of STW / Pump set once delivered to me /us.
  5. It will be my /our responsibility to maintain the Cultivation Register for the command area thus created.
  6. The Department will have full authority for inspection / supervision / guidance / collection of information pertaining to the area benefited by the STW.
  7. Any dispute, if occurred between me/us and the department, will be settled by Director of Agriculture or his representative
  8. I/we declare that if the pump set is not commissioned within one month from the date of receipt of pump set, I/we will return the pump set to the department.
  9. I/we also assure that the pump set supplied by the department will not be sold/transferred to anybody else.
  10. I/we also agree that in case of damage /loss/transfer of pump set or refusal by me/ us to commission, I/we will be liable for prosecution.
  11. In the event of any accident for faulty electrical connection / wrong handling etc., the department will be in no way responsible for any damage.
- i) Name of the farmer / Representative of the farmer's group.....
  - ii) Name of Father/Husband.....
  - iii) Name of other members of the group .....
  - iv) Total crop area to be benefited.....
  - v) Location of area
    - a) Village.....
    - b) Block .....
    - c) Sub division.....

(Name and address of farmer)

With reference to your application dated..... for providing a pump set under NFSM, I am to inform you that you may purchase the accessories/ boring material & install the same and arrange for electrical connection of pump set and the submit completion certificate in the format enclosed herewith along with recommendation of VLEW and ADO thereon to the undersigned within one month from the date of issue of this letter. In case of non receipt of your application for release of pump set within one month, this sanction for the pump set may stand cancelled.

District Agricultural Officer

Annexure-VI

(Declaration of applicant on completion of installation of STW with electrical connectivity)

To,

The District Agriculture Officer

.....
